I authorize the release of medical information to my primary care or referring physicians, to consultants if needed and as necessary to process insurance claims, insurance applications and prescriptions. I also authorize payment of medical benefits to the physician.

In order to establish optimal relations with our patients and avoid misunderstanding and confusion regarding our payment policies, our staff is trained to consistently inform you of the financial payment policies of this office. Payment is required for all services at the time they are rendered unless you are in an insurance plan in which we participate. For those patients, applicable copayments will be collected. We accept payment in the form of cash or credit card. If we do accept a check for payment, and the check does not clear the bank, a \$25.00 service fee will automatically be added to your account. Please note that any procedure performed in the office may be billed separately in addition to the office visit fee.
